**General Qualifying Requirements and Application Procedures**  
**For a Domestic Medicaid or Medicare Advantage Health Maintenance Organization (HMO)**

**Instructions:**

1. The HMO should address all sections and subsections outlined below. If any section or subsection does not apply, a clear explanation of why it does not apply should be provided.
2. All sections and subsections should be tabbed and clearly labeled to correspond to the titles of the sections and subsections of this document (e.g., I. General Qualifying Requirements, A. Net Worth).
3. One copy of the application should be directed to the attention of Tim Campbell, Chief Financial Analyst at the address shown above. Note: Do not send a partial or incomplete application as it will be returned.
4. After an analysis of the application is completed and the application is approved for licensure by the Director of Insurance, the HMO will then be notified:
  - A. To deposit acceptable securities pursuant to S.C. Code Ann. Section 38-33-130(A) (2002).
  - B. That it must inform the Department once its Medicaid contract has been approved by the South Carolina Department of Health and Human Services.
  - C. That it must not commence business until an on-site examination of its processes and procedures has been conducted by the Department's Office of Financial Examinations.

S.C. Code Ann. Section 38-33-170(B) provides for the Director to make an examination concerning the quality of health care services of an HMO as often as reasonably necessary for the protection of the citizens of this State, but not less frequently than once every three years. To comply with the provisions of the Code, each HMO licensed in South Carolina must comply with the following:

The HMO must have a "Quality Assurance Review" performed within three years of the issuance of a certificate of authority from the Department and at least once every three years thereafter. The "Quality Assurance Review" must be performed by a qualified organization performing audits based upon criteria similar to those set forth in the National Committee for Quality Assurance (NCQA) guidelines. The HMO will

be responsible for the selection of a qualified organization to perform the review and the costs associated with the review as provided for in S.C. Code Ann. Section 38-33-170(D). All "Quality Assurance Review" reports must be submitted to the Department upon completion. Records supporting the findings in the report must be maintained at the HMO's principal place of business.

## **I. General Qualifying Requirement**

Outlined below are the general requirements to be met by a domestic Medicaid health maintenance organization to qualify for a license to transact business in South Carolina. Reference should be made to Title 38, Chapter 33 and Regulation 69-22 of the South Carolina Code of Laws.

Provider-Sponsored Organizations (PSOs) seeking to contract with the Health Care Financing Administration (HCFA) for the provision of health care services through Medicare Advantage are required to seek licensure as HMOs in the State of South Carolina. This application is to be used by PSOs for that purpose.

**NOTE:** Pursuant to S.C. Code Ann. Section 38-33-250, all applications and filings required under S.C. Code Ann. Section 38-33-30 and any annual and quarterly financial reports required under S.C. Code Ann. Section 38-33-90 must be treated as public documents. Nothing herein may be construed to require disclosure of trade secrets, privileged or confidential commercial information, or replies to a specific request for information made by the Director. Information deemed by the HMO to be confidential pursuant to this section should be stamped "**CONFIDENTIAL**," and reasons for doing so provided at the front of the application. The Department of Insurance will make the final determination as to which information, if any, may be exempt from disclosure.

**Please address all sections.**

### **A. Net Worth**

No health maintenance organization may be issued a certificate of authority unless it is possessed of net worth of at least one million two hundred thousand dollars, six hundred thousand dollars of which must be capital if it is a stock health maintenance organization. The Director may require a health maintenance organization to meet greater initial net worth requirements based on the health maintenance organization's plan of operation. See S.C. Code Ann. Section 38-33-100. The HMO must provide a current balance sheet.

### **B. Securities Valuation**

Pursuant to Title 38, Chapter 12 of the South Carolina Code of Laws, securities appearing in Schedule D of the HMO's most recent annual statement must be valued by the NAIC Securities Valuation Office, or proper evidence must be provided to this Department to indicate that those securities not listed have been submitted to the NAIC Securities Valuation Office for valuation or that they are exempt from filing with the NAIC Securities Valuation Office before the application is submitted to this Department. The HMO must provide a statement indicating that the securities have been valued by, submitted for valuation to, or are exempt from valuation by the NAIC Securities Valuation Office with supporting documentation.

### **C. Organizational Examination**

An organizational examination conducted by the Office of Financial Examinations of the Department will be conducted prior to the HMO commencing business.

D. Place Of Business

No health maintenance organization organized, chartered and existing under the laws of this State will be licensed by the Director unless it maintains its principal place of business and primary executive, administrative, and home offices and all original books and records of the organization in this State. See S.C. Code Ann. Section 38-5-80(k).

The HMO must provide a statement indicating that it will comply with all the requirements of S.C. Code Ann. Section 38-5-80(k). Provide the name of the city in South Carolina where the home office will be located. Describe the space leased or purchased, or plans to build office space. Describe any plans for economic development in South Carolina, such as satellite offices, claims processing, office buildings, etc. Describe the positions to be located at the home office and the functions to be performed there (typically CEO, CFO, member services, marketing, claims processing, support, etc.). Describe how claims will be processed; if processed "on line," explain who at the home office will be able to access the data immediately and print hard copies. Indicate if all books and records will be maintained, as required, at the home office. Indicate if the original claims register will be maintained at the home office, as required. An HMO desiring to move business records or operations outside of the State, or to initially keep business records or operations outside of the State, shall apply to the director or his designee for approval to do so. The application process has been set out in the Department's Bulletin 2002-08. Please review the Bulletin at: <https://www.doi.sc.gov/Eng/Public/bulletins/Bulletin2002-08.pdf> and file the required information with the application.

E. Use Of Name

The HMO's use of a name which is similar to that of any active health maintenance organization previously licensed in this State could be contrary to the public interest. See S.C. Code Ann. Section 38-33-40(A)(6). The HMO must provide a statement indicating that the HMO is aware of and meets the requirements of S.C. Code Ann. Section 38-33-40(A)(6).

If the HMO meets all general qualifying requirements, please continue with this application.
